Dear Sir:

Applicant acknowledges the allowance of claims 1-4, 8, 12-15, 17, 19-23, and 27. Applicant points out that the reasons set forth by the Examiner are not the only reasons that these claims are allowable. Applicant agrees with the Examiner's Reasons for Allowance in the Notice of Allowance, mailed 14 April 2011, to the extent that the claims of the instant application are patentable over the references in the record.

However, Applicant does not necessarily acquiesce or agree in any manner as to the comments made by the Examiner regarding what the prior art does or does not teach. In addition, Applicant respectfully traverses the Examiner's Reasons for Allowance to the extent that any comment is intended or has the effect of limiting a claim scope, explicitly or implicitly, by not reciting verbatim the respective claim language, or is intended or has the effect of limiting a claim scope by stating or implying that all the reasons for patentability are in any way fully enumerated.

Further reasons for allowance beyond those enumerated by the Examiner are described and set forth in the instant specification. As the Examiner's reasons for allowance are not exhaustive, such reasons for allowance do not establish an estoppel against the Applicant's seeking and obtaining allowance of additional, broader claims in a continuation application.

Respectfully submitted,
